The Cause

FUTURE LEADERS OF HOSPITALITY PROGRAM

In addition to earning a scholarship to the university of their choice, HCF scholarship recipients also benefit from the Future Leaders of Hospitality Program, which pairs a student with a mentor from the board each year for the duration of their education. Mentees meet with their mentor at least once a month to receive personal guidance and invaluable professional experience. HCF provides our students university scholarships (tuition, books, and fees), networking, leadership training, etiquette development, and internship and job placement opportunities with comprehensive work force development programs.
